First Trial Event Will Take Place September 10.

New York, August 18 .- Captain Woodbury Kane said tonight that it was practically settled that the first trial race will take place off Newport September 10. He added that the Newport course had been selected because of its proximity to Bria-tol, to which the yachts would have to go in case of an accident. The towing to New York and out to Sandy Hock course, he said, would consume a great deal of

time unnecessarily.

Mr. Iselin of the Columbia, it was learned, feels that he has no time whatever to spare, which is one of the most important reasons for helding the trial races off Newport. The time which will be consumed in getting the Columbia to New York would practically be wasted, and she can not afford to lose it. In fact, every minutes is needed in getting the Co-TOP AT THE SCHULTE HOUSE—Newly renovated; cool rooms; good board; free baths; close in yet quiet; only two blocks from postoffice; low rates. 1211, 1213, 1215 commerce assume. 24 at least.

TOWING OF THE SHAMROCK. Newport, R. IF ANYONE has a hearding house out of the two yacht clubs," said Royal Phelps address Mrs. Traner, this office.

29 "It was distinctly understood between the two yacht clubs," said Royal Phelps. Carroll, "that the Shamrock would tow when it was deemed avendant towledge. when it was deemed expedient to do so, so there can be so point made if she towed the two-thirds of the way. Besides, it would be unwise to make any point even if there were a supposed ground for it. The deed of gift states that a yacht shall proceed under sail and in her own bottom to the place where the race is to take place. There is, however, a later clause in the deed which permits a medification of this rule, and it was by reason of the authority given under this clause that the Sham-

rock was allowed to tow. Capiain Woodbury Kane, who will sail on the Columbia, said: "In the good spirit in which the races are to be sailed it is probable that no objection will be made to anything in a certain sense. We think to anything in a certain sense. We think we have a pretty smart boat in the Columbia, so all we want is to get the Shamrock over here and in racing trim. We are glad, therefore, to know that she has arrived safely. It was understood thoroughly that she would tow in light weather, so the fact that she did tow is not irregular at all. There can not possibly be any ill feeling. I know that both Mr. Lelin and Mr. Duncan were perfectly satisfied as to the arrangements regarding infied as to the arrangements regarding towing."

NEGROES STRIKE.

They Want Full Wages for Doing Full Work. Dodge City, Iowa, August 18 .- A serious condition exists at Tara, where the Fort Dodge and Omaha road is being built. The contractors are expecting difficulty in securing laborers to complete their contracts and are in line to forfeit large sums because of their inability to complete their contracts within the time specified. The reason is the laborers' wages paid by the farmers, who are unable to secure the help needed at harvest time. The contractors made arrangements to ship in a large number of negroes from Mississippi and the first trainload containing 125 colored laborers arrived Thursday. The colored men had engaged to work for \$1.25, but when they found that white laborers were receiving \$1.75 to \$2 ...ey objected to the discrimination and at once went on sirike The white laborers now threaten a sympathetic strike unless the The contractors are expecting difficulty in threaten a sympathetic strike unless the demands of the colored men are accoded
